Profile

THE COMPANY

Anglo Caribbean Trading Ltd, better known as The Italian Kitchen Company (IKC), was first registered in Trinidad in December 2006 and currently has two Showrooms and an office in St James Trinidad, a satellite showroom in San Fernando and warehousing in Diamond Vale. It has also opened a showroom in Barbados in 2020, with a further expansion into Guyana planned later this year. IKC is arguably the largest supplier of modern cabinetry solutions in the Southern Caribbean and has supplied hundreds of thousands of cabinets to projects on several different islands.

OUR STAFF

IKC currently has 22 permanent staff in Trinidad and 5 in Barbados, this includes 5 designers and 10 installers. The Design Department is led by Kelvin Thomas, who has been with the company for over 8 years.

EXCLUSIVE & INTERNATIONAL PARTNERS

Oppein - oppeinhome.com
Life Kitchens - life-kitchens.co.uk
Friul Intagli - friulintagli.com

THE DIRECTORS

Richard Bradford
Born in the UK 1967, grew up in Trinidad and attended Secondary School and University in the UK. After qualifying as a Navigational Officer in the British Navy in 1989, Richard moved to London and has been involved in Property Development ever since. In June 2006 he moved to Trinidad and opened the Italian Kitchen Company.

Dale Hearn
Born in Trinidad in 1987, moving to Montreal, Canada in 1992 and graduated Concordia University in 2012 with a Degree in Political Science. He returned to Trinidad shortly after and has worked in the construction ever since. Dale joined IKC in 2018 and is the MD of both the project and retail departments.

COMPANY DIVISIONS

Retail - sales of mid to highend European-styled kitchens, closets vanities and accessories.

Projects - sales of Mid to high volume cabinetry solutions to the contract market (residential developments, hotels, offices etc)

OUR WORK

Over the last 20 years, we have supplied hundreds of thousands of cabinets to projects all over the Caribbean, including numerous low-cost housing projects to literally thousands of multimillion dollar houses and apartments. Regardless of the value of the project, we use the same attention to detail and sense of pride.

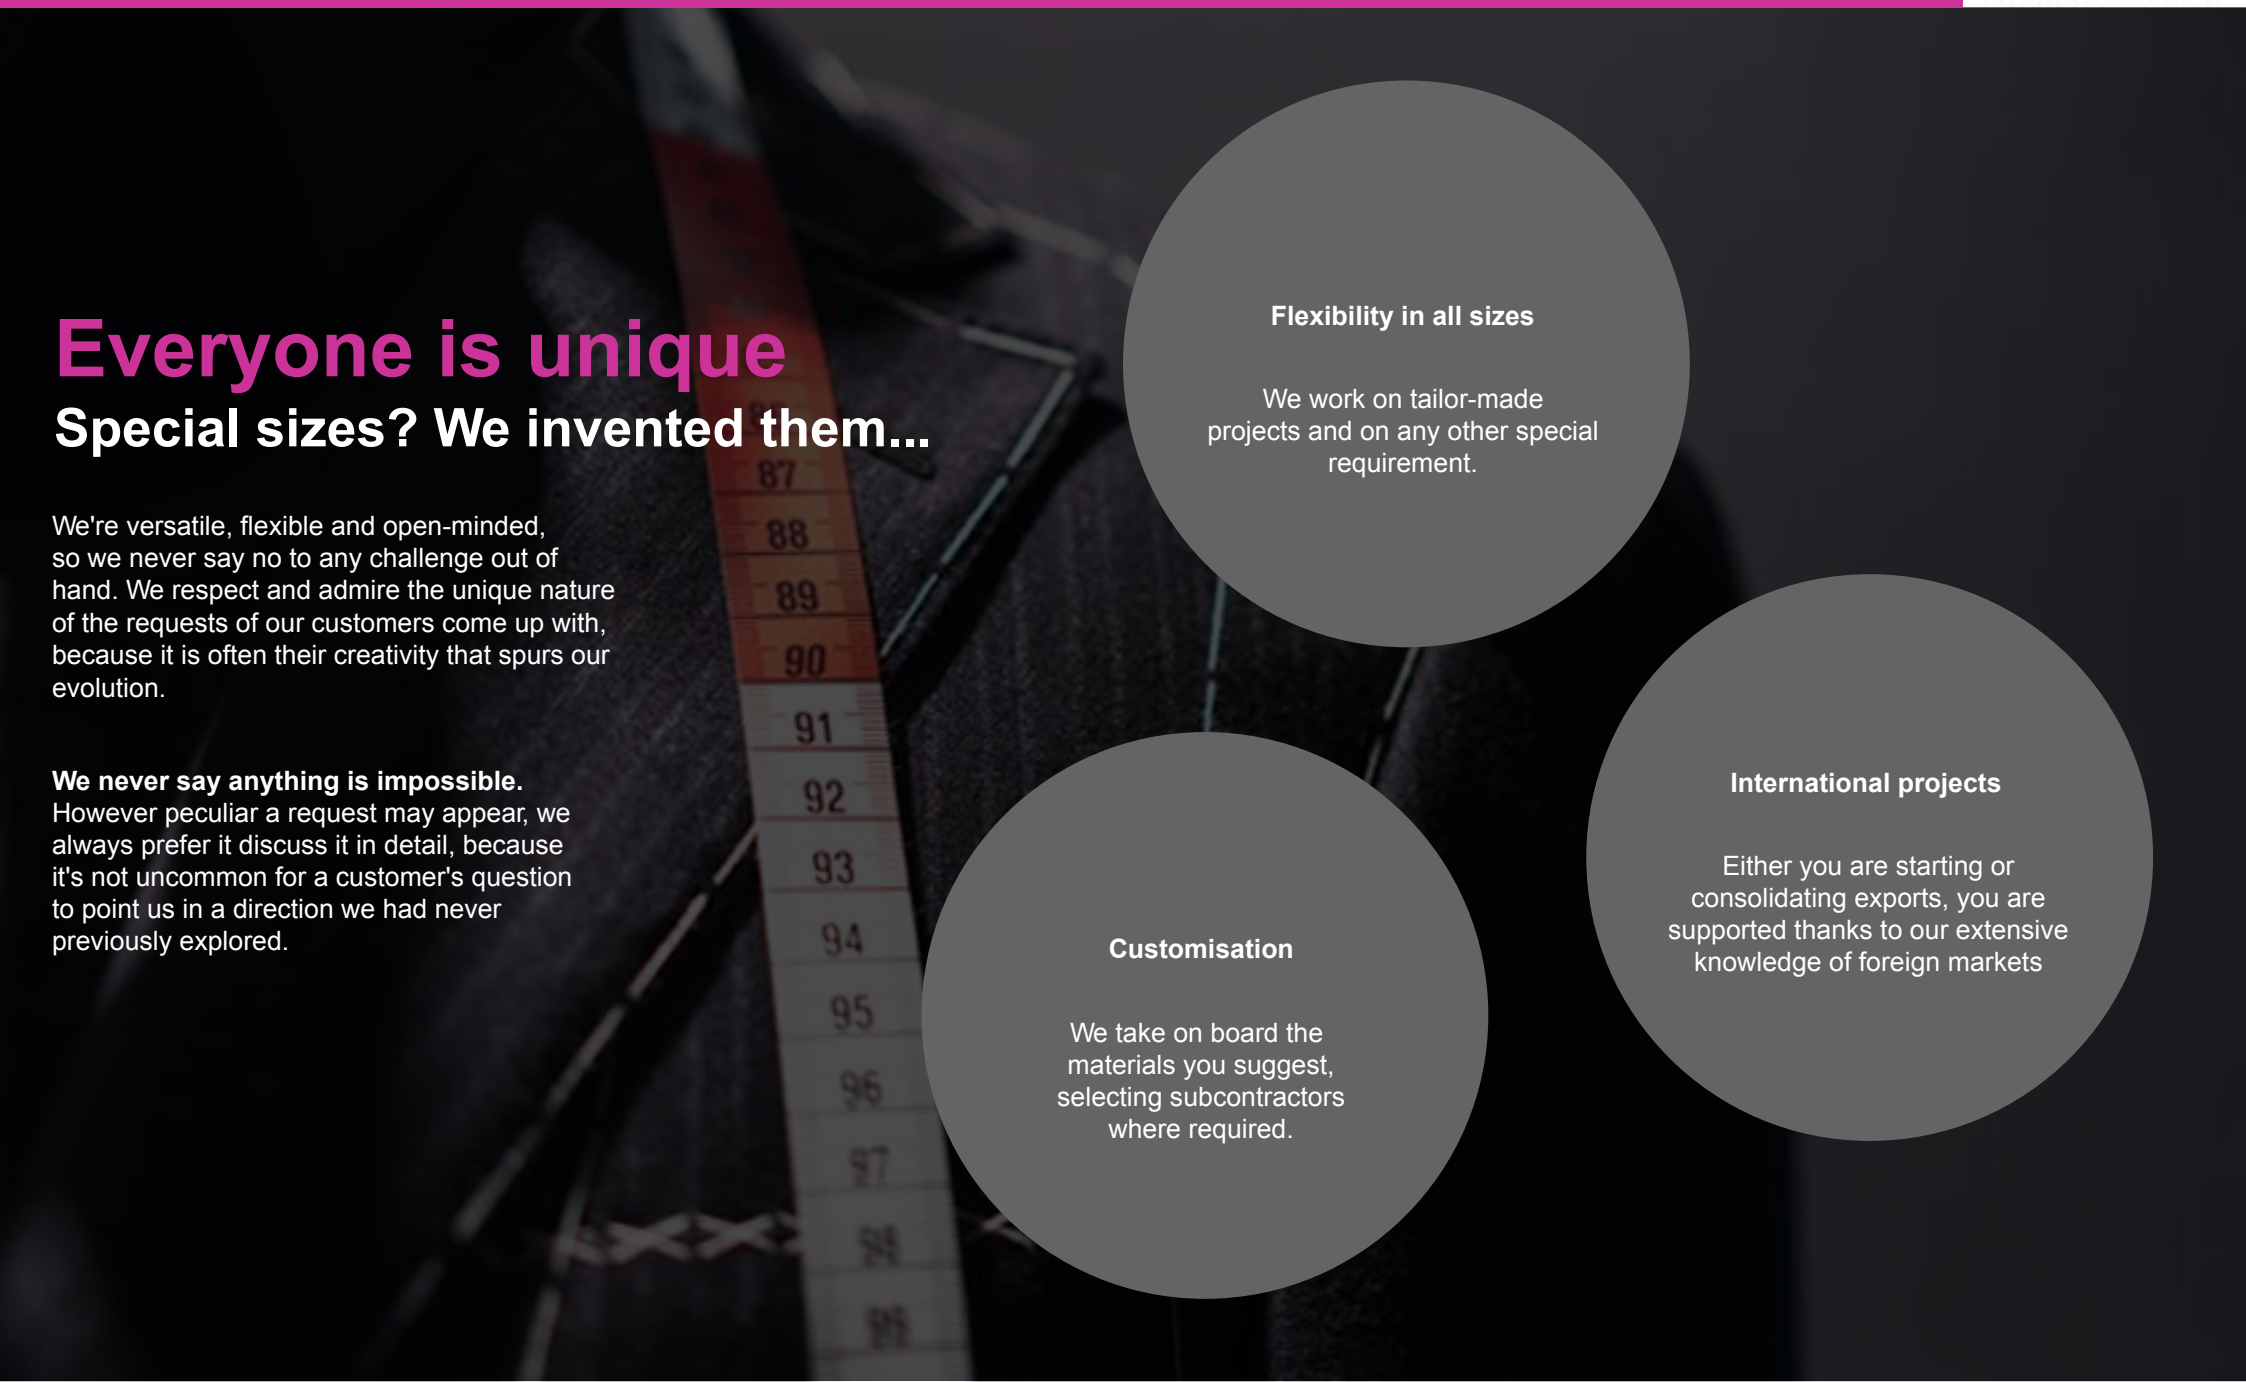

Every year the company also takes on at least one pro-bono project to help individuals, schools, sports and youth clubs, children's home, and even institutions like the TTPS, in an effort to help where help is needed.

INNOVATION AND SUSTAINABILITY

With all IKC projects we have a keen focus on sustainability and innovation, making sure that we give our clients the highest possible quality, whilst maintaining a low carbon footprint by using state of the art technology and sustainable resources.

Contract Division & Bespoke Spaces

THE ITALIAN KITCHEN COMPANY

Everyone is unique

Special sizes? We invented them...

We're versatile, flexible and open-minded, so we never say no to any challenge out of hand. We respect and admire the unique nature of the requests of our customers come up with, because it is often their creativity that spurs our evolution.

We never say anything is impossible. However peculiar a request may appear, we always prefer it discuss it in detail, because it's not uncommon for a customer's question to point us in a direction we had never previously explored.

Flexibility in all sizes

We work on tailor-made projects and on any other special requirement.

Customisation

We take on board the materials you suggest, selecting subcontractors where required.

International projects

Either you are starting or consolidating exports, you are supported thanks to our extensive knowledge of foreign markets

INNOVATION & TECHNOLOGY INVESTMENTS

All our production processes are carried out with state of the art machinery, which are often developed together with manufacturing companies that consider us the perfect company for testing new technologies.
Our supplier's continuous investment policy allows us to always be at the forefront and keep our hardware up to date. Automation processes and the quality of our productions guarantee us extraordinary performances in every area of expertise with total cost control.

"Listening, creating, improving: these are the conditions for on-going development and a successful product"

WORLDWIDE STANDARDS

THE ITALIAN KITCHEN COMPANY

HIGH QUALITY HIGH SATISFACTION

The tangible quality of our products is the result of an intangible and diffused quality which includes all aspects of business life: from how raw materials are chosen to how products are manufactured, including process organisation and work environment. All manufactured items have a high-quality standard, which is both certified and, most of all, guaranteed.
